Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>The A227 is a very busy road and on school runs the road is at a standstill, to add a minimum of 700+ cars that this planning would raise the % of traffic accidents especially around the schools and the small paraded of shops, which local people can use.</p> <p>The land is framing land which we need to self support out growing population, the local bus service is very poor and does not run on a Sunday, so cars will be required.</p> <p>The local schools, Doctors are already at breaking point and can not support the extra numbers that these properties will bring.</p> <p>These houses will not be built for locals as we do not need them! they will be given to people that do not live within this area.</p> <p>It will also effect our local wildlife which is declining all the time.</p>
