Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly wish to object to the planning of 350 houses being built on a large farmland site. This is a beautiful field, it is used to grow crops for food production. This is greenbelt land which has not been released from the greenbelt boundary. The development will have a detrimental visual impact of the surrounding conservation area. There will be dangerous access to the surrounding roads, which are already heavily congested for a large part of the day and particularly in rush hour times due to the number of schools in the area. Due to the parking at the parade of shops which is opposite the proposed building site of the new houses this is already an area of a high possibility of accidents with people entering and exiting the shopping area. This would increase considerably with the proposed new housing. There would be an additional strain on already overstretched GP and NHS services.
