Reasons for comment:

Comments:	The vehicle use of the shops at Camer Parade is exceptional. During school days at the start and end of the school day numerous parents/guardians park in the vicinity and sometimes many metres away to deliver and collect school children. This is a problem that will hugely increase the volume of traffic and pedestrians to the detriment of safety. The field opposite the proposed development is prime agricultural land. The visual impact of the rural area opposite the shops is significant. At the moment you see the field and countryside beyond. This will be obliterated by the proposed development. Any new access road will bring with it a myriad of problems. There just is nowhere suitable either off the Wrotham Road or Green Lane. Traffic delays will be huge at any junction. And safety is an issue. Impatient drivers prevail as it is let alone with busy junctions being created.
