Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I strongly object to this application as it a development that is not needed in Meopham. It is wrong to build on green belt farmland that is a strong characteristic of Meopham and its surrounding villages. The A227 Wrotham Road is a hugely dangerous thoroughfare and will become even more so if unneeded homes are built on this precious biodiverse area of green belt farmland. An abundance of wildlife would be adversely affected to the detriment of us all and future generations. We should be protecting such areas not exploiting them for greed and financial gain. Encroachment on neighbouring villages by this development would destroy the individual distinctive character of each area and shouldn't be allowed to happen. Traffic currently is at capacity along the long stretch through Meopham. The road infrastructure cannot cope with any more traffic. It's a fast road despite officially being 30mph. Parking at local shops on the Parade in Meopham is very difficult and with more homes in the area it will be significantly worse for all.</p>
