Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I'm objecting to this development because of the following</p> <p>A huge impact on the environment</p> <p>Loss of wildlife inc bats and birds</p> <p>Ancient woodland being destroyed</p> <p>The impact on air pollution especially being so near a primary school</p> <p>The access onto the A227 being dangerous due to its location and how busy the road is already</p> <p>Public transport is more-or-less non existent so more cars on the road</p> <p>The risk of increased flooding to nearby roads and houses</p> <p>It being classed as 'green belt'. Once the area has been built on it opens the floodgates to more building and we will lose all our green fields and the village vibe</p> <p>It is not included in the local government plan for areas to build</p> <p>Lack of local amenities including doctors and schools</p> <p>We don't need a specific open space offered by the developers as we can walk round the countryside as it is</p> <p>I'm sure there are many more objections but these are the most important ones.</p> <p>I hope you take note for the residents living in the local area</p>

Kind regards
