Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I am objecting against this planning due to the huge environmental impact it will have on our area.</p> <p>Loss of wildlife, flora, fauna and woodland</p> <p>It is a 'green belt' area and is exempt from being built on by law</p> <p>An extra risk of flooding and the A227 is known to flood in this area in heavy rain before any more building takes place which will make it worse</p> <p>The access to the A227 from the development is such in a dangerous position.</p> <p>With all the extra cars it's going to create even more air pollution and not good for the nearby primary school. The policy is too cut pollution not increase it</p> <p>The area hasn't been built on before and isn't included in the local planning areas</p> <p>The A227 is getting busier year on year and this is going to add to the volume of cars using the road</p> <p>It will open the doors to even more loss of land to developers who did not live in the area so don't suffer the effects of the aftermath</p> <p>Lack of amenities already including oversubscribed schools, doctors, non-existent public transport</p>
-----------	--

Kind regards
