Reasons for comment:	
Comments:	<p>Having previously lived in culverstone village for the majority of my life. I object to this development.</p> <p>For the following reasons -</p> <ul style="list-style-type: none">- A227 Is a high trafficked and dangerous road now, with this development it will increase in danger and also become further gridlocked - further impacting air polution. Increasing the weigh load on the road.- the area for development has many different species living in it. Which should be protected.- there are not enough facilities and services in culverstone or meopham to support 100 families eg - GP, Schools, shops, buses etc. Meopham train station being too far away from this development to support.- this development will not only put strain on the environment, the facilities and services, the current residents of the villages but will also not provide a safe and good environment for the houses of the new development.

Kind regards
