| Commenter Type:      | Member of the Public   |
| Stance:              | Customer objects to the Planning Application   |
| Reasons for comment: |  |
| Comments:            | <p>The approval of this application would be a mistake. Housing is potentially required within the area, however the proposed placement of this type of plan has not taken into account several glaring areas of concern.</p> <p>The traffic along the main route is currently a problem, especially during peak times, add to this a potential 200 additional cars is exacerbating an already known issue. This does not include for the delays, damage to roads, mess, lorries and everything else which comes from the construction phase. The good schools in the area are already oversubscribed trying to accommodate children within the local area. Public transport is virtually non existent and therefore opportunities for young people to work are also not there.</p> <p>People like and live in this area due to its green belt, protected trees and places to breathe, this is what makes Meopham, Culverstone, Vigo special and a wonderful place for children to grow, healthy and happy. By continuously adding more and more properties, people, cars, pressure to the local schools, doctors, dentists, emergency services, postal services you are taking away the reasons that we love it here.</p> |

Kind regards
