Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

The erection of two buildings to provide residential units (Use Class C3) with associated vehicle parking, cycle storage, highway works, and landscaping. Building 1 comprises the erection of a 23 storey tower on the north side of West Street to provide residential dwellings with B1a floor space at ground floor level; and Building 2 from four storeys to 12 storeys on the south side of West Street which will provide residential dwellings. The proposal includes the restoration and adaptation of the existing pier structure to provide public and private amenity space to include the erection of Business units (Class B1a) and a cafe (Class A1/A3).

Reference number

Date of decision (date must be pre-application submission)

04/12/2020

Please state the condition number(s) to which this application relates

Condition number(s)

Condition 4 (Code of Construction Practice)

For each phase or subphase of the development, a comprehensive Code of Construction Practice Strategy, covering the environmental impacts from the relevant clearance/construction phase of the development, shall be submitted to and approved, in writing, by the Local Planning Authority prior to the commencement of the development of each phase or sub-phase. The development hereby permitted shall thereafter be carried out in accordance with the approved Code of Construction Practice Strategy for each relevant phase or subphase of the development. For the avoidance of doubt Code of Construction Practice Strategy shall include the following (where relevant):

- a) Construction Logistics Plan (CLP);
- b) Parking of vehicles of site personnel and visitors;
- c) Storage of plant and materials;
- d) Dust management controls;
- e) Location and height of cranes and scaffolding;
- f) Measures of minimising the impact of noise and, if appropriate, vibration arising from construction activities;
- g) Predicted noise and, if appropriate, vibration levels for construction using methodologies and at locations agreed with the Local Planning Authority;
- h) Scheme for monitoring noise and if appropriate, vibration levels using methodologies and at points agreed with the Local Planning Authority;
- i) Scheme for location and appearance security fencing/hoardings, depicting a readily visible 24-hour contact number for queries or emergencies;
- j) Details of disposal of waste arising from the construction programme, including final disposal points (the burning of waste on the site at any time is specifically precluded);
- k) Hours of operation
- l) Smoke management controls;
- m) Odour controls;
- n) Road cleaning and wheel washing facilities;
- o) An aspiration to utilise the River Thames for the transport of construction and waste materials to and from the site; and
- p) Any other matters relevant to this particular site.

Has the development already started?
