| Comments: | <p>I wish to formally object to this development due to impact on the rural village and infrastructure in Meopham.</p> <p>The local roads, water supply, doctors and current level of traffic are already struggling.</p> <p>The impact of this number of homes plus double or triple the number of people and cars to a rural location is massive.</p> <p>The destruction of wildlife along with the increased traffic congestion that would be brought into the area by this one development alone is immense.</p> <p>There is not enough employment locally nor public transportation. The roads frequently flood with any rain we have and the surrounding fields due to the soil.</p> <p>Water supply and pressure in the area already has issues with consistent pressure and supply.</p> <p>This development would change Meopham's historic rural identity forever and the impact to the local environment and wildlife whilst adding further demands on the local infrastructure would be immense.</p> |
