Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	O object to this very large development. I live [REDACTED] and have chosen to live in a hamlet with a small community. This development is huge and would change the nature of my community and environment. It would join sole street hamlet to Meopham changing us from a hamlet to a very large village. The roads and infrastructure cannot cope with another 1000+ cars on our narrow, single track roads which are already too crowded. The school - has this been agreed and funded by gravesham / kent Council- who is paying for this? In addition to school you would need a doctors surgery, Meopham is brilliant but over subscribed. The development would change the nature and enjoyment of our local environment - our green belt. 725 homes would be better built on brown sites, nearer transport and social infrastructure in gravesend which needs a new heart and community. There are plenty of brown field sites there for a development such as this. I wholly object and have faith a planning inspectorate would accept not agree to this on its many levels of inappropriateNess.

Kind regards
