Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this proposed development due to the lack of infrastructure particularly road and GP facilities. Already the area particularly wrotham road is very busy and parking is difficult. Often there are floods or traffic incidents when the back lanes become blocked by lorries or large cars that cannot easily pass each other in the lanes. The buses are less than one an hour and expensive a car is a necessity in this area for work and that amount of houses will lead to more traffic jams and pollution. Already wrotham road is almost standstill during school run times. The culmative planning applications should also be taken into account. The village and its wildlife set on green belt will be destroyed. All concerned that the fields may be required for food production especially in an uncertain war time. This site does not meet the grey belt definition

Kind regards
