Reasons for comment:	
Comments:	I am sad to see another proposed development on green belt. This is not grey belt. All the other applications should be considered together. There are poor transport links buses are rare and everyone will need a car with most households already having 2/4. The wildlife will be destroyed and this needs to be safeguarded for their sake and everyone else needs this green space to help with the mental health crisis that we have in UK. The area is constantly flooding and the open land acts as a carbon dump as well as flood mitigation. Please do not build and increase the village by this amount of people it is impossible to get a doctors appointment as it is.

Kind regards
