Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	I note that under condition 8 of the planning permission, levels and contours are to be approved - these do not appear to be included in these details. Levels on site have already been raised, and in places are above the concrete gravel board of our fence within our property, this being some 150mm above the existing ground level. I am concerned that this will damage our fence and preclude any maintenance of the fence, and may lead to flooding issues within our garden. Can the landscaped levels be limited to the existing ground level please?

Kind regards
