Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the proposed development on this site which is arable green belt land which is also home to a great variety of wildlife which would lose their natural habitat. The development would add a considerable extra population to the beautiful village of Meopham which dates back to the Domesday book. The local infrastructure would be completely unable to deal with both the extra population in medical terms i.e. local GP services and also the road structure would be unable to cope with the sheer volume of traffic being already vastly excessive for the road system. The unique aspect of the peaceful rural village of Meopham would be completely destroyed by such a vast amount of extra development. We also have a considerable number of local horse riding activities on the road system and also dog walkers and runners and walkers in general. This would destroy the amenities that they currently enjoy in this peaceful rural village.

Kind regards
