Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The traffic and infrastructure is already at maximum in this area. Constant traffic jams and pollution. We have struggled to get doctors appointments and this will only get worse. This green belt land not grey belt and the Gravesend hospital has been empty for years and would be better proposal near a town with more transport links to build property. The roads are often subject to flooding and this will make it worse. There are very few buses and no lifts at Meopham station for anyone disabled or using a pram. This will mean at least 1500 extra cars on the road and at present time I can't get out of my house easily during school run and rush hour times as it is. I am concerned about loss of wildlife species.

Kind regards
