Reasons for comment:	
Comments:	The proposed is in an area of conservation, meant to protect ridiculous plans such as this. A variety of wildlife would be affected and a small but busy street already would surely seriously suffer from more cars/ parking and the disruption of this building. The hall is integral to the community and building so close will affect groups and clubs that use this hall. Building on land within this conservation does not create or build on this community but only lines the pocket of 1 person and affects the lives of all who live nearby

Kind regards
