Planning Services
Gravesham Borough Council

Dear Rebecca

REFERENCE NO. 20251273

**Application for Listed Building Consent; Repairs and maintenance work to
Grade II listed pump wall
The Village Pump, The Street, Cobham, Gravesend Kent**

Thank you for your letter dated 9th January regarding the above planning application.

Public Right of Way NS178 lies to the east of the wall. The Public Right of Way should remain unaffected by the proposed repairs and maintenance work. I enclose a copy of the Public Rights of Way network maps showing the line of the path for your information.

The granting of planning permission confers no other permission or consent on the applicant. It is therefore important to advise the applicant that no works can be undertaken on a Public Right of Way without the express consent of the Highways Authority. In cases of doubt the applicant should be advised to contact this office before commencing any works that may affect the Public Right of Way. Should any temporary closures be required to ensure public safety then this office will deal on the basis that:

- The applicant pays for the administration costs.
- The duration of the closure is kept to a minimum.
- Alternative routes will be provided for the duration of the closure.
- A minimum of eight weeks' notice is required to process any applications for temporary closures.

This means that the Public Right of Way must not be stopped up, diverted, obstructed (this includes any building materials or waste generated during any of the construction phases) or the surface disturbed. There must be no encroachment on the current width, at any time now or in future and no furniture or fixtures may be erected on or across Public Rights of Way without consent.

Yours sincerely
