Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Hillside Drive is a private road with limited and restricted access to Old Road West, as indicated by KCC. The addition of another 4 * 4 bedroom residences and the additional vehicle movements this creates, will subsequently cause safety issues on a main road used by school children, especially when viewed in conjunction with the new development on the St.Joesphs School. The road itself is narrow with limited space for passing vehicles causing a danger to residents. This risk will be much higher during the build process with additional tradespeople and suppliers In addition the current residents have low water pressure and the additional houses will have a detrimental effect on this going forward. To date there has been no disclosure on to the level of disruption to the road caused by new trenching or installation of utility and data cabling supplies to the proposed residencies.

Kind regards
