Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There are currently 17 residents on Hillside Drive, the build of an additional 4 houses (24%) will have a major adverse effect on the infrastructure of the drive. This ranges from the increased traffic movement on the drive to levels of water and other utility availabilty. The access to the drive is currently hazardous while turning in or out with high numbers of children going to school either walking or on bikes. We currently have to stop and reverse to allow other vehicles to manouver which is gangerous due to levels of traffic on the main road.

Kind regards
