Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to formally object to this planning application. The proposed development raises significant planning issues including unacceptable levels of noise, disruption to local tranquility, increased vehicle traffic resulting from this and further encroachment on a protected rural landscape. It also appears to undermine the statutory protections afforded to the Kent Downs National Landscape (formerly AONB) The increase in the number of tanks will result in an increase of productivity exceeding agricultural winemaking and becoming an industrial scale development. Since the winemaking process started there has already been a rise in heavy goods vehicles on the arrow country lanes. I urge the council to consider the cumulative impact of this proposal and to refuse this application.
