Reasons for comment:

Comments:	<p>With 350 houses in the proposed development, this could potentially mean 700 cars plus delivery and service vehicles would use local roads which are already extremely busy, particularly at morning and evening rush hour times.</p> <p>These 700 cars plus delivery and service vehicles would be using a dangerous access onto the A227 near junction with Green Lane and the busy shopping area.</p> <p>This section of Wrotham Road is full of parked cars alongside Meopham Community Academy and Mini Meophams Nursery during start and finish times.</p> <p>Cyclists (including school children) would be put off using public roads in the vicinity because of the new hazardous junction into the proposed development. Cycling should be encouraged to reduce car journeys and improve fitness of local people, but this development would discourage cycling.</p>
