

20240277

I strongly object to the above planning application, The reasons being that we don't need another Fast Food Take away, especially close to residential area. We can smell The food across the road. We hear the humming of the Ex- tractor Fan. And besides that this is an ever increasing traffic- Junction/Thorough way. Vehicles already park very close to the Lights. The Owner of the above mentioned property seems to think he has the right to mount the kerb and park his Car in front of the Property.
Please refuse the Application
