Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The A227 is already overloaded and lanes frequently closed with temporary traffic lights causing extensive tailbacks. The section of road from Meopham Green to Culverstone school is frequently used by walkers, including children, it is necessary to cross 7 times there is only one crossing place, which is near the school. The proximity of the schools should surely be a worry for additional traffic volume.</p> <p>The additional traffic generated by this development will increase the already present danger on all parts of the A227.</p> <p>The surgery already struggles to cope, and becomes evermore impersonal.</p> <p>I urge the council to deny this application and keep the land for food production, we already need to import too much food stuff that can be produced at home.</p>

Kind regards
