Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	People move to Higham to live in a quiet village and this is trying to be ruined. If this application gets accepted then it means it won't just stop at a conversion, it will lead to more building being erected On the same land. This takes away from the natural beauty of the area. It creates more unnecessary traffic which the roads are not built for. It creates noise and light pollution which disturbs residents. It disturbs the natural wild life in the area which is already at risk. We need to preserve the area in its natural beauty and stop ruining it with unnecessary building.

Kind regards
