Reasons for comment:	
Comments:	Meopham is a village with minimal lifestyle facilities such as schools, doctors and nurseries. The village will not be able to cope with the increased numbers in house occupants and vehicles. This will cause visual impact on the natural views in the village. The parade of shops is already congested with parking being an issue preventing residents attending their local shops The increase in traffic will have a negative impact by polluting the area heavily and roads being congested preventing access to the village.

Kind regards
