Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<ul style="list-style-type: none"><li>- traffic volume is already at high capacity for a village and adding 350 houses and however many potential cars, where it is by a busy parade of shops/foodspots, schools and park will be catastrophic for the area.</li><li>- it would be dangerous access to build 350 houses. It can be potentially hazardous to pedestrians and other road users.</li><li>- part of the greenbelt land, don't want arable farmland to be built on</li><li>- it would cause a negative visual impact on conservation area, pollution and cause detriment to wildlife habitats, and should be protected.</li><li>- The narrow roads that currently are in this village won't be able to cope and could cause an accident if traffic is increased</li></ul> I OBJECT
