Reasons for comment:	
Comments:	The local roads either side of the development already struggle with the volume of traffic (especially if there are problems on the A2 as they are used as cut throughs). They are country roads with very tight 2 lanes, no pavements and poor maintenance.
	The proposed development is on Greenbelt land.
	Local services GP and schools have no capacity.
	The access road will take traffic out onto Green Lane which has several blind bends and lines of sight (i.e when pulling onto the road from Camer Park and from Norwood lane onto Green lane.

Kind regards
