Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Objections to building on greenbelt land, Agricultural land which just makes the developers more money at the expense of the local area and the country side its too easy to go for virgin land. Once its gone its gone for ever. Baby boomer generation are coming to an end and the Uk birth rate is 1.5. This application, plus the other two planning applications would increase the village by 620 properties which would increase the population (last census 7000+) by over 20% assuming 2.5 persons per property properly alot more than this.. This is a devastating project for this area.</p> <p>The local roads including A227 are already very busy and are predicted to get worst once the Thames Crossing is built.</p> <p>This planning application is located right in the middle of two important junctions plus the shops and the school.</p> <p>A more organic growth approach is required.</p>
