Reasons for comment:

Comments:	<p>The local roads either side of the development already struggle with the volume of traffic (especially if there are problems on the A2 as they are used as cut throughs). They are country roads with very tight 2 lanes, no pavements and poor maintenance.</p> <p>Access to the new site will be dangerous entering onto these roads.</p> <p>The land is greenbelt.</p> <p>As a rural area with limited public transport, most households are highly likely to have 2 plus cars meaning an extra 300 extra cars minimum, without allowing for delivery vehicles.</p> <p>Loss of wildlife habitat.</p>
