Reasons for comment:	
Comments:	I strongly object to this application. It is an outrageous proposal by greedy developers and councillors who should be ashamed of this proposal which promotes such a blatant abuse of power. We did not vote for this policy of building on green field sites and of the raping of our countryside. Why don't you use public money to create new communities on brownfield sites in city centres where people want to live and have existing transport networks with access to shops, cafes, pubs and restaurants and help to revitalise city centres and bring investment and prosperity to local communities which will help promote a healthy society based on shared interests. I strongly object to this application.

Kind regards
