## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I strongly object to any building on Greenbelt/farmland as our food resources are vital for self stability.</p> <p>The Longfield Rd is narrow and congested with residents parking.</p> <p>Access and building next to a SEN school with highly vulnerable children is a poor decision. These children need calm quiet places to thrive and learn and day to day events be the same not coping well with change and disruption. GBC brownfield register identifies up to 3,000 plus dwellings this should be priority.</p> <p>Building may be essential but it must be delivered in the right place and never at the expense of the very environment we are trying to protect as these spaces help toward slowing down climate change flooding. Etc. Also all the services re: schools doctors and hospitals cannot cope. So I strongly object to any building at all before the brownfield are used.</p>

Kind regards
