Reasons for comment:	
Comments:	<p>Simply describing this as "Land" is wrong - it is prime Agricultural land, where our food comes from.</p> <p>This proposed development, together with the other two huge developments 20250993 and 20251116 would increase, assuming a conservative estimate of ONLY three people per household the population of the village by 27%.</p> <p>The local infrastructure and roads struggle at the moment to deal the current population and this is before any increases that result from the Lower Thames Crossing (a matter that Highways England apparently don't acknowledge or concern themselves with).</p>

Kind regards
