## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Building next to a Special needs school will be very disrupting as SEN children/adults don't like change and need a calm quiet environment. Government Land Restoration project highlighted the need to protect and regenerate greenbelt and farmland. Houses aren't going to do that. We are shamefully one of the most nature &amp; habitat depleted nations. I understand that GBC had large sums of money 2024/25 to regenerate the brownfield sites but nothing to date. The canal basin has old derelict buildings and an eyesore and nothing has been done with the old maternity hospital should be used. So use brownfield first we don't want our villages losing their identity by being joined up by houses. Also our services can't cope with more people. Doctors, hospitals, schools and water supply etc. So I object to all building unless it's brownfield sites.</p>
