Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I don't think this planning makes any sense, the road at the entrance point is narrow and doesn't allow any giveaway when another car is passing. We already at times have issues with people coming up and down the road. The works that will take place will have an immense amount of disruption to the road, this is evident when others have had work done on the road. The council cannot pass this planning due to the excess amount of traffic during the build, the problems it will occur with a mass development and on completion the additional traffic it will have. This is on top of the proposed 2x 6 bedroom planning for the convent and the bungalow which is also ludicrous!

Kind regards
