Reasons for comment:	
Comments:	This is Green Belt land. There is an injunction on this site preventing such development, which the Council should be acting upon. The proposed development is not in keeping with the surrounding environment. This is a retrospective application. The work has already been carried out without any consideration of obtaining the required consents. The highway is too narrow for such a development. No consideration loss of fauna and wildlife. If this is allowed, before we know it the rest of the site will be covered in caravans.

Kind regards
