Reasons for comment:	
Comments:	This application will have a negative impact on the increased traffic on the lane resulting also in negatively impact the safety if those using the lane. The request is to amend country side and green belt land which has a visual impact on the area's design. Irreparable damage has already been caused to the lane and historic trees/ green space when previous mobile homes/ caravans were driven/ placed in this location without permission to do so.

Kind regards
