## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>This area is always heavily congested at certain times of the day and both building works and completion will not make this any better. This development would lead to a significant increase in traffic congestion, and could pose a risk to highway and pedestrian safety.</p> <p>There are Insufficient Services the existing local infrastructure cannot cope with the increased population. The GP surgery is already not coping with the population it has.</p> <p>The development would lead to unacceptable levels of noise, light, or air pollution during and after construction.</p>

Kind regards
