Reasons for comment:	
Comments:	<p>I strongly object to this development.</p> <p>It is adjacent to a school which educates children on the autism spectrum. Surely this will have a significant impact on the quiet and calm location of this school and its students.</p> <p>The approach is a narrow road with cars parked on it, with access to the A227 at a busy and difficult junction. The A227 is already a very busy road with frequent delays. Additional traffic will only make delays on this road worse.</p> <p>All the infrastructure, including schools, healthcare and roads, is already under pressure. This development will only add to this.</p> <p>There are several similar applications and these should not only be looked at individually but as a whole. Together they will have a huge impact on the historic and rural village of Meopham.</p>

Kind regards
