Reasons for comment:

Comments:	<p>This proposed development will increase the volume of traffic on the A227 which is already too heavy for a single track road in each direction. Green lane has many accidents at the pinch point of Green Lane and Tradescantia drive where the road is too narrow for cars to pass each other and this will only increase the volume of cars at this point.</p> <p>Any increase in the population of the village will put an additional strain on the local services that are struggling to cope with the size of the population in the village as it is. Try and get an appointment at the doctors or dentist. It is nearly impossible to park at the shops even with the car park behind. I go to Istead Rise from Meopham to use the shops there. The A227 is already difficult to join from side roads with the volume of traffic that will only increase if these developments go ahead. The character of the village will be lost as these proposed development will make into a small town</p>
