Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I strongly object to this development.

The road infrastructure in this area is already under extreme pressure. Traffic from this development will either join the A227 or end up on Camer Road. The A227 is already subject to heavy traffic and frequent delays. Camer Road is a narrow road, with traffic either joining the A227 at an already busy and difficult junction, or will go towards Sole Street on a narrow winding rural road.

All the infrastructure, including schools, healthcare, roads and amenities, is already under pressure. This development will only add to this.

This is yet another encroachment onto the green belt and agricultural land and a loss of habitat.

Meopham is a historic and rural village but is slowly losing its identity and is becoming more like a town. This would seem to be the start of Meopham and Sole Street being merged, with both losing their identities.

There are several similar applications and these should not only be looked at individually but as a whole.

Kind regards
