Address:	[REDACTED] Meopham

## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>This land meets the definition of green belt not grey belt. There are no exceptional circumstances to build on this land. It is grade 2 prime agricultural land contributing to our food security and should remain agricultural. Building would significantly visually affect the surrounding AONB and the Kent Downs national landscape. There would be loss of habitat for wildlife if this land was developed.</p> <p>Meopham's infrastructure would not cope with a development of this size. The A227 is already gridlocked at certain times of the day with school and rush hour traffic. Drivers already use the lanes eg Green Lane, Camer Park Road, Foxendown Lane and The Street conservation area to avoid the jams on Wrotham Road. This has an adverse affect on these lanes and risks harming any pedestrians using these lanes. The proposed access to the development is right near the Camer Parade, an area already prone to accidents.</p> <p>The GP surgery and schools are unlikely to be able to absorb the extra burden caused by this development.</p> <p>There is a brownfield first policy which must be followed when considering where to build. There are brownfield sites in Gravesham, some of which have planning consent but have not yet been built on.</p> <p>I object to this development on the above grounds.</p>
-----------	--

Kind regards
