Reasons for comment:	
Comments:	<p>Insufficient Infrastructure and Services</p> <p>This is a key material consideration. This proposed development is considered unsustainable as the existing local infrastructure cannot cope with the increased population. Specific concerns to raise</p> <ul style="list-style-type: none"><li>- Transport Impact: The development would lead to a significant increase in traffic congestion on the A227, lack of adequate public transport provision, or pose a risk to highway and pedestrian safety.</li><li>- Lack of Social Infrastructure: The local community lacks sufficient capacity in Meopham schools, healthcare facilities (e.g., GP surgeries), and other public services to support the new homes.</li></ul>

Kind regards
