Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this proposal on a number of grounds as follows, The application has already been denied at every stage and even the inspectorate which we believed was final. - We live in a green belt area (and as with ourselves purchasing our property understand that comes with restrictions in order to maintain the green belt and we accept we cannot extend our own property but this is known when you purchase a property on such an area and accepted). - The wildlife in the area would be adversely affected. - noise and hours of operation are not suitable for a green belt area. - the access road (walnut hill) is extremely narrow with no footpath and equine centers located along it) - too many vehicles on a already narrow lane. - the access is narrow onto the land and unsighted. - building works will create congestion and dangerous conditions, plus noise.
