Comments:	This is an amazing project and I am very excited to use the services here. The scheme is well thought out and makes good use of the building. I will be walking here as it is so close to the town centre and I can access it quite easily on my walks. It's very pleasing that a building that was so irritable to the community will now be something helpful for the youth and we can all use it. This will make the community a better place. I looked through the transport and travel plans and it's quite clear that parking is sufficient with so many car parks surrounding the premises.

Kind regards
