Comments Details

Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I'd support this application. The addition of a downstairs toilet will be useful for elderly visiting relatives as well as providing an additional service to the family members. With a child due to return home from University shortly, the and having 2 grown up children in the house, the extra bedroom space is required for adequate room for study and personal space. The current Box room, is currently too small to house an almost adult child.

Kind regards
