Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Myself and my husband object to this application, I am concerned about the additional traffic increase which will create potential safety issues. We have many elderly residents and children in the Drove Way, cyclists and such and I am concerned that more throughput of traffic will create more hazards for the general public. Also the extra noise and traffic during the development will be an issue to me. The access to the land will mean traffic passing directly in front of my property creating more noise and pollution, as a person with registered asthma any additional pollution is a concern for me, I deliberately moved and purchased this property in the semi rural location feeling the air quality would be protected due to the surrounding green belt land.

Kind regards
