Reasons for comment:	
Comments:	The infrastructure is not there to fulfil the demand for housing in this area. This coupled with the rural landscape being heavily affected I oppose the planning. There is natural wildlife being put at risk, demand on schooling, road and foot traffic will make the local community heavily congested - this can be evidenced from any issues on the A2 and that's without additional housing. From a selling point in future I also feel it may mean our properties depreciate in value due to an influx of new properties in what is currently a desirable area.

Kind regards
