Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to object to the planned development in the strongest possible terms. This is blatant breach of planning regulations in allowing a development on high grade agricultural land. This is damaging to the country in being able to support our home food production industry. Loss of farm land will have signification impact on wildlife, numerous species are found locally and ground nesting birds particularly require areas of undisturbed farm land. Local schools, doctors surgeries and hospital are all running at capacity and cannot cope with additional numbers. Roads are at capacity and regularly at gridlock Drains and sewerage are at capacity and flooding is regularly seen on both main and local road. This is potentially destroying a rural community and placing unacceptable strain on an already overcrowded area of the country.

Kind regards
