Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Meopham is already a very large village which is very busy with traffic. This development will increase traffic significantly causing more pollution on a road which has a large number of pedestrians including many local children walking to school. Current infrastructure, schools, doctors etc, cannot cope with this development and local Doctor's have documented that they are already at patient capacity. The proposed site is green belt surrounded by biodiverse woodland copses with significant amount of wildlife which will be lost if the development goes ahead. The development will effectively merge Sole Street and Hook Green thus contravening Green Belt Policy. Norward Lane and Wrotham Road regularly flood and this development will only increase the number of flooding occurrences on these roads.

Kind regards
